Vector Minor Release 4 Notes

NM-ASR

October 2024

The following features are included in the most recent release of Kite® Educator Portal and Kite® Student Portal.

New features:

➢ **School Readiness Tool** – An additional tool for schools to use to check their network's bandwidth. This tool will help determine if there is adequate bandwidth for the number of students they plan to test at one time. Having this information in advance can assist in planning or adjusting testing schedules, if needed, to ensure smooth testing for students.
